

GEOMETRY SEMINAR

Department of Mathematics
California State University Fullerton

Zoom meeting room: 893 4325 5295 Password: 112358

ABOUT THE SEMINAR

The Geometry Seminar at Cal State Fullerton was established in the Spring semester 2007, and the first speakers were Professors Zhiqin Lu and Ovidiu Munteanu (at that time both from UC Irvine). Since then, the seminar became the meeting place of faculty interested in Topology- and Geometry-related themes, and their students. We value very much the students' participation to our events, which we feel should guide our more motivated students interested to pursue a graduate career, where a good mastery of various topics in Topology and Geometry is welcome.

Many collaborative efforts were born out of the conversations among our participating faculty members. E.g. at the American Mathematical Society's Meeting 1167, which took place on May 1-2, 2021, the Special Session on Differential Geometry and Geometric PDE was organized by Professors Alfonso Agnew, Nicholas Brubaker, Thomas Murphy, Shoo Seto, and Bogdan Suceavă. Such efforts are the expression of our academic environment and our collaborating atmosphere.

SCHEDULED TALKS

Friday, February 18, 9:00 am

Simona Nistor, from University Al. I. Cuza Iași

Friday, February 25, 9:00 am

Martha Dussan Angulo, Universidade de Sao Paulo, Brazil

Friday, March 4, 9:00 am

Oliver Dragičević, University of Ljubljana, Slovenia

Friday, March 11, 9:00 am

no event

Friday, March 18, 9:00 am

Vera Tonić, University of Rijeka, Croatia

Friday, March 25, 9:00 am

Baisheng Yan, Michigan State University

Friday, April 1, 9:00 am

no event

Friday, April 8, 9:00 am

2022 AMS–MAA Joint Mathematical Meetings,
(taking place virtually this year)

Friday, April 15, 9:00 am

no event

Friday, April 22, 9:00 am

Nicoleta Voicu, Transylvania University, Braşov, Romania

Friday, April 29, 9:00 am

no event

Friday, May 6, 9:00 am

no event

Friday, May 13, 9:00 am

Thomas Mark, University of Virginia

VENUE

The symposium will take place virtually via Zoom.

WEBSITE More information about CSUF's virtual geometry seminar, including an up-to-date calendar with speaker times, information about past and upcoming speakers, and recordings of past talks. Visit our website at
